Description

Winter knows no limits—which means you shouldn’t either. Built exclusively for utility vehicles and compact tractors, the WESTERN® IMPACT™ Heavy-Duty snow plows are professional-grade plows built to go anywhere that demands WESTERN-grade performance. Constructed from high-strength, low alloy steel components, both the straight blade and v-plow feature an easy-on/easy-off mounting system and removable receiver brackets for exceptional ground clearance. IMPACT heavy-duty plows also feature Scrape Lock for clean scraping and back dragging.
