Description

Get all of the benefits of a winged plow with the simple control of a straight blade with the WESTERN® PRODIGY™ multi-position wing snow plow. The wings automatically adjust to provide the most efficient plowing configuration for the job. This model adds versatility to your fleet without spending time training operators on how to use new equipment, keeping productivity and profitability high.
Adapt to whatever the weather throws your way with the WESTERN® WIDE-OUT™ and WIDE-OUT™ XL adjustable wing snow plows. Offered in two blade sizes, the WIDE-OUT XL model

extends from 8? 6? to 11? in straight blade mode, making it the widest WESTERN plow for truck and tractor applications. The plows are our tallest winged plows at 31? and feature independently controlled, flared wings that retract at the push of a button to maneuver in smaller and tighter areas.

Wide-Out:

- Blade Widths: 8'-10' & 8'6"-11'
- Fits: Truck Class 2 - 5 & Tractors
