Description

Cross 7x16TA-Alpha Enclosed Cargo Trailer – Built to Work, Designed to Last

The Cross 7x16TA-Alpha is a premium enclosed cargo trailer built for professional use, with the durability, space, and features you need to haul tools, equipment, UTVs, motorcycles, and more.

This 7' wide, 16' long tandem axle trailer features Cross's exclusive Alpha structural design, giving you superior strength, smoother towing, and a sleeker finish than traditional trailers.

With a 7,000 lb GVWR, 3/8" DryMax sidewalls, 3/4" DryMax floor, and 16" on-center walls and roof studs, this trailer is ready for both commercial duty and heavy personal use. The ramp door makes loading easy, while the RV-style side door adds convenience. The Alpha's fully integrated frame offers increased rigidity and fewer seams, reducing water intrusion and increasing longevity.

Now available at J&R Trailer Sales in Orrville, OH — with financing and rent-to-own options to help you hit the road faster.

? Key Specifications:
