<https://diamondtsales.com/unit/priefert-roping-chute-model-22-farm-ranch-640234>

Price: \$3,000.00

Description

Roping Chute Model 22 Specifically engineered to be as quiet as possible. Unique braking system used to control the front release gate is set to virtually eliminate noise prevalent with competitor chutes. The quiet opening chute is important so that horses can be properly trained to cue off rider's command and not by the sound of banging head gates. Easy fingertip touch release and spring assisted opening ensures that every roper gets the same release of the steer or calf.

Squeeze action helps to eliminate the possibility of the chute operator accidentally releasing a steer or calf before it is called by the roper. Features two "reset levers," one on each side of the chute. The bottom of the chute is sheeted to reduce the possibility of leg injuries. The split tailgate opens from either side of the chute and operates without ropes, pulleys, or knee-knocking levers.

- Overall Height: 63"
 - Overall Width: 36"
 - Inside Width at Top: 30"
 - Inside Width at Bottom: 14"
 - Overall Length: 86"
 - Weight: 476 lbs.
