Price: $35,000.00

Sales Price: $35,000.00

Description

Refrigerated Trailers

\
Polar King Mobile freezer trailers and cooler trailers are constructed with a seamless fiberglass design and are available in three standard models, 6'x8', 6'x12', and 6'x16'. Each trailer features 54-inch reinforced doors, four-inch walls, a pallet duty floor, and interior Antimicrobial gel coating. The actual cooling of the trailer is achieved using a GOVI arktik 2000US series refrigeration unit. These compact units provide a temperature range of 0°F to 50°F, are all-electric, and require only 110V and 15 amps. \

Product Specifications
