5,000 Lbs Coupler

Only weights 540 LBS

6 ply c-Load Radial tires - Nitrogen Filled

When you compare this design to other types you will quickly understand why this is the best selling dolly! Much more robust frame and design, and you can tell how easy it is to use. Other brands may say removing ramps is a benefit but I can tell from using them on several vehicles it very difficult to remove the ramps and then try to crawl under the vehicle to mount the ramps, both when loading and unloading the vehicle. Also other designs do not have safety chains mounted to the frame of the dolly that attach to the bottom of the vehicle. This is unacceptable and towing without safety chains presents a risk. Some other brands do not offer a storage area for a spare tire because of the ramps being stored under the car.

Blowout price! Includes everything listed above. In Stock! Several Available

Electric Brake models stock today, In-Stock Several Available.

Hydraulic Surge Brake Models with Kodiak Disc Brakes in stock 3% cash discount included in advertised prices.

Offered by Dealer Schrecks Auto, many other trailers to choose from. Stk number 065225, 065196, 065222, 065235, 065236, 065234, 065224, 065237
