Description

There is a new trailer in town! I was so impressed with this trailer I just had to bring a semi load of them to Colorado. The unique Aluminum frame and Plastic bed make this trailer light and versatile, yes it's engineered to be durable and even carries a 10 year warranty on the plastic bed! When is the last time you got a 10 year warranty on a wood or aluminum deck?? Check out the videos of them torturing the bed and it holds up! The light weight if this trailer is impressive as well. This entire trailer only weights 930 lbs. You can haul it with your Side By Side! \
The design has one of the easiest gates to use and the bed tilts for easy loading or dumping of material. Several tie downs in the bed to secure your equipment. \
\
Come check it out, you have not seen a trailer like this! \
this one has custom wheels. STK M001093 some pictures show optional equipment. This one is priced with custom wheels! \
\
Offered by dealer, Schrecks Auto, Price plus tax, NO dealer fees, advertised price includes a cash discount. \
\
CargoMax(tm) is the sport utility trailer that is redefining an industry! The industry's only Ultra Body(tm) and fender system that is guaranteed to never rust, rot or need paint - ever! \
The uni-body design includes virtually indestructible side walls which remain durable even in sub-zero temperatures. FLOE's exclusive floor trussing system delivers maximum strength, excellent water drainage, and superior cleaning ability.
