Description

Bradford Built Aluminum 4-Box Utility
The Aluminum version of our 4-Box. All the same features of our steel model but at a big weight savings, which makes this a great choice for your "go to town truck."

Features may include:
Formed Headache Rack
Our formed Headache Rack is a signature look of our beds. This feature comes standard with stop and reverse lights as well as side markers. You will for sure be seen with these added lights.

Insert Toolboxes
Our 4-Box Utilities come standard with 4 underbody insert toolboxes. This offers a great storage area for whatever project you need it for.

Flush Mount Tie Downs
Flush mount tie down rings are added in the deck for your convenience to secure loads.

Steel Subframe
All of our Aluminum beds are built with a steel subframe that allows you to haul the same loads that you would with a steel bed.
