Sales Price: \$18,100.00

Description

OVERVIEW

The CXT flat top trailer is heavy-duty and loaded with premium features. The CXT is a commercial-grade cargo trailer perfect for business use or serious hauling. These 7' - 8.5' wide trailers are available in popular lengths of 12' - 30' and can haul anything from contracting or landscaping equipment to motorcycles and automobiles. The CXT comes standard with 6'6" of interior height and stands out from other similar trailers with its tube main frame construction and 16" OC frame, sidewalls and roof bows. A one-piece aluminum roof protects your cargo from the elements, and two LED dome lights ensure ultimate interior visibility. The standards on this trailer are options on most others-torsion axles, LED lights, screwless exterior, roof vent, radial tires, ATP front corners and bright rear corners, a limited 5-year warranty and much more. \
