Description

20LP
Mega Duty Tandem Axle Dump

The biggest jobs demand the toughest trailers. With a mega-duty GVWR of 20,000 lbs, the 20LP Mega Duty Tandem Axle Dump has the strength, durability, and power required to perform in the most challenging industries. Equipped with 10,000 lbs. Torsion Axles with Super Single Wheels for heavy-weight hauling tasks, this trailer delivers peak performance when the going gets tough. 7-Gauge steel floor? Yup. 10" I-beam frame? Of course. 3' high sides? Absolutely. And that all makes the 20LP one of the strongest single wheel tandem axle dump trailers on the market. Better yet, a low-profile design and optional slide-in ramps make it easier to use when loading and unloading heavy equipment, and it's fully loaded with extras such as a tarp kit, rear stabilizer stands, and scissor hoist to help you tackle any job.
