2021 CROWNLINE E235 Deckboat in Black and White powered by a Mercruiser 6.2L 300 horsepower motor with a Bravo 3 duoprop sterndrive sitting on a custom Heritage tandem axle trailer with brakes.
This 24' deckboat is big and deep with tons of seating, plenty of power and set up for a great day on the water with family and friends!
The deep bow is very roomy with flip down armrests on the benches and a front boarding ladder, L shaped cockpit stern seating with a powered headrest on the sun deck for a great lounge spot that gives you the option of many different configurations with the push of a button. Both captain and passenger bucket seats have flip up bolsters for excellent visibility. The enclosed head on the port side has plenty of room and the porta-potti still has the factory wrap on it and has never been used.
The stern has a large extended rear swim platform that Crownline has dubbed the "Social Swim Platform" that is covered in Seadek, has rear firing Wetsounds speakers, a stereo remote and a transom trim switch along with a long boarding ladder for easy entry and exit out of the water. The transom shower allows users to spray off their feet or cool down before boarding.
