2027 Down 2 Earth Trailers 82" x 18' Equipment Trailer

The 2027 Down 2 Earth Trailers 82" x 18' Equipment Trailer is built for dependable performance when hauling tractors, skid steers, compact equipment, UTVs, construction materials, and other heavy loads. Designed with a gravity tilt deck, this trailer makes loading and unloading equipment

quick and efficient without the need for separate loading ramps.

Featuring an 82-inch-wide deck, 18-foot overall length, and a 7,000 lb GVWR, this trailer offers an excellent combination of maneuverability and hauling capability.

The 16-foot tilting deck and 2-foot stationary front deck provide a smooth loading angle while maintaining proper tongue weight and stability during transport.

Built on a heavy-duty steel frame with tandem 3,500 lb Dexter E-Z Lube brake axles, this trailer is engineered for long-lasting durability. Additional premium features include pressure-treated 2x8 wood flooring, removable diamond plate fenders, stake pockets, sealed wiring harness, LED lighting, 7K drop-leg jack, 2-5/16" adjustable coupler, breakaway kit, and a spare tire mount. These features make it an excellent choice for contractors, landscapers, farmers, rental companies, and property owners.

Whether you're transporting compact tractors, mini excavators, skid steers, zero-turn mowers, ATVs, or jobsite equipment, this 82" x 18' equipment trailer delivers dependable towing performance and easy loading. The gravity tilt design helps reduce loading time while improving safety for low-clearance equipment.

Whether you're searching for an 82x18 equipment trailer, 7K equipment trailer, gravity tilt trailer, Down 2 Earth trailer, tractor trailer, skid steer trailer, or construction equipment trailer, this 2027 Down 2 Earth 82" x 18' Equipment Trailer delivers exceptional durability, value, and dependable hauling performance.
