Description

PJ Steel Service Body - Manufactured by CM Truckbeds
The steel GU service body is unparalleled in quality, with long-lasting hardware, clean welds and powder coating, and remarkable durability. Tight-closing T compression latches and snug rubber gaskets protect equipment well.

- Body: Thick 16-gauge steel combined with heavy A60 coating is industry-leading and gives our service bodies both durability and strength. +Mounting Universal Body And Bumper Mounting Kit
- Deck: 11-Gauge Galvanneal Deck Our thick steel deck provides an excellent foundation for those working from them. The 11-Gauge steel prevents any sagging, flexing, or cracking of the deck.
- Fender Stainless Steel Radius Fenders A durable and better-looking fender that will serve you well on the road.
- Fender Panel Removable Fender Panel When common road damage occurs, our bolt-on, removable fenders make replacement easy without visits to the body shop.
- Bumper Recessed Rear Bumper With Vice Socket Our recessed bumpers provide greater protection from rear impact accidents. If involved in a minor accident, the bumper can be readjusted and will not cause additional damage to the body.
- Tailgate Heavy Duty Rear Tailgate When you haul materials on our decks, you can rest assured that our tailgates will be tough enough to keep the material inside of the deck. Need a step to get in the bed? These tailgates are rated at over 400 lbs., supporting even the largest operators to gain access into our bodies.
- Door Multi Panel Doors With Internal Reinforcements Acts as a seal that prevents wear and tear, and even provides stability when hanging tools on the doors when in transit. Our doors are reinforced in order to avoid flexing and sagging. T handle Compression door latch with keyhole lock
- Tie Downs (4) Standard In Bed More versatile tie-down points that are stronger and remain strong throughout the entire hauling process.
- Shelves Two in Front, One in the Rear
- Standard Feature Click + for Options + Toolbox Vertical Front, Horizontal mid ship, Vertical rear box + Toolbox Interior Finish Powder Coated
- Compartment Tops 1/8? Treadbrite Aluminum Compartment Tops Solid aluminum compartment tops that provide strength to the tops of our toolboxes.
- Weather Stripping Automotive D Bulb Stripping Weatherstripping is an essential feature for anybody. Our doors are sealed with D bulb weatherstripping to ensure that no moisture gains entry to the interior of our toolboxes.
- LED Lighting 3/4? Bullet Marker Lighting, 6” Oval Taillights
