Description

2026 United UJ 8.5'x16' Slant V-Nose White

This model comes standard with numerous features that are options on other brands.
The UJ is loaded with all the features you need to haul in style. It has all of the highest quality standard features, such as a plywood interior, RV side door, aluminum wheels, and torsion axles. Tandem axle models come with a 5" spread to help reduce tongue weight and provide a fresh look. The exterior walls are entirely screwless and we minimized the size and quantity of screws on the trim, making this one of the smoothest trailers on the market. The 2" rear corner posts provide you with an ultra wide opening. Combine this with the (4) heavy-duty bolt-in d-rings and this trailer is ready to go as-is for all your basic hauling needs.
