If you want a first class setup that is race ready, this is it. I sold it to the customer brand new and he raced with it during the 2023 season. Life changed for him at the end of 2023 and never used it in 2024, and will be a few years until he'll be ready again. He's having me sell it for him, it sits in his climate controlled shop and has never seen a winter. This rig is as new as it gets!

\$750,000 for the package, would prefer to sell as a package but willing to take offers on just trailer or just toter.
