Description

5' X 10' GWHS Series

Built for dependable performance and versatility, this trailer is ready to handle everyday hauling with ease. High mesh sides keep bulk and loose materials secure, so no matter what you're transporting, you'll have the essential functionality you need. With a wood floor and fully welded steel construction, its straightforward design and robust build make it a reliable workhorse for a variety of tasks.

Available Sizes

5' x 8'

5' x 10'

5' x 12'

6' x 10'

6' x 12'

6' x 14'

Equipped With

Mesh Sides

Mesh sides provide secure containment for bulk cargo, debris, and loose materials, reducing the risk of loss during transit and ensuring safe, efficient transport.

Versatile Gate Design

The gate serves as a convenient ramp for easy loading and unloading or can fold into the trailer bed to accommodate larger cargo, reducing wind resistance during transport.

E-Z Lube Axle

Designed for convenience, the E-Z Lube axle allows straightforward lubrication bearings without the need for disassembly, ensuring smooth and reliable operation with minimal maintenance.

2x Treated Wood Floor

The wood floor offers reliable strength, distributing cargo weight securely for stable hauling. Treated for outdoor use, it's built to handle the elements and can be replaced when needed.

A-Frame Tongue

Enhances trailer stability and weight distribution, helping to reduce sway and improve handling for safer, more controlled towing. This design also offers extra space for mounting storage boxes.
