Description

UNITED LIMITED CAR HAULER

The exterior panels are 100% screwless and the screws on the trim have been minimized in both size and quantity. We are using the larger 4" body trim on the top and bottom and you have your choice of either mill finish or black. All configurations also get a Rear Wing, 10" Spread Torsion Axles, 16" Black & Silver Lynx Wheels, Cast Corners w/ Wrap, and a 32" x 72" RV door. On the interior, the d-rings are now bolted in and rated at 5,000lbs. Each configuration has a frame-out for a 48" x 58" jump door. 24' and 28' models have a frame-out for a 36" x 30" generator door. Generator door frame out not available on Classic V.
