(4) 5K D-Ring Tie Downs

HD Reinforced Tread Plate Fenders

Rear Board Retainers

A-Frame Toolbox

One of its standout features is the tilt bed design, which simplifies loading and unloading of equipment such as scissor lifts, mini trenchers, and other compact machinery. This easy-access functionality saves time and effort, making it a valuable tool for contractors and landscapers alike. Constructed for durability, the Single Axle Tilt Bed Equipment trailer is built to withstand the rigors of daily use while providing a smooth towing experience. Its robust design ensures stability and safety while on the road, so you can transport your equipment with confidence.

Whether you're a professional contractor or a weekend DIY enthusiast, this trailer is designed to meet your specific hauling requirements. With its flexible configurations and thoughtful features, the Single Axle Tilt Bed Equipment trailer is an essential asset for anyone needing to transport compact equipment and materials efficiently.

Key Benefits

HD Tube Bulkhead

-Provides additional rigidity to the front end of the trailer as well as providing an extra level of comfort when loading equipment.

HD Diamond Plate Knife Edge Tail

-Provides a sharp, angled edge that creates a smooth transition for easy loading of equipment with smaller wheels.

(4) 1/2" D-Rings

-Securely tie down your cargo with these heavy-duty anchor points, providing extra stability and safety during transport.

Stake Pockets and Rub Rail

-Enables you to customize the trailer's configuration to meet your specific hauling needs, and provide support and a more finished look to the trailer.

A-Frame Toolbox

-Securely mounted in the tongue of the trailer, our A-Frame Toolbox provides easy access to the tools and equipment you need on the job.

Hydraulic Dampener

-No more uneasy tipping points and having the bed slam down. This cylinder provides a smooth, controlled tilting motion to make loading stress free.
