Description

This 2021 ATC 8.5 ft x 44 ft Quest 405 gooseneck is a massive, fully-equipped toy hauler built for buyers who want to bring serious equipment or vehicles along in genuine comfort. A 96 in interior height means almost no one has to duck, and an 8-in aluminum tube frame with 16-in on-center cross members and an aluminum extruded floor gives this trailer exceptional strength while keeping weight manageable for its size. Two premium escape doors and an extra-wide rear ramp door provide flexible entry and exit options, and two electric awnings extend your living and working

space outside the trailer at a campsite or job site. Power management is comprehensive: a 50 amp Intellipower unit, a 50-watt roof-mounted solar panel, and full A/C prep wired and braced mean you're ready for climate control and heavy electrical loads wherever you park. A 5,000 lb winch with 50 ft of synthetic rope handles loading of UTVs, side-by-sides, or other equipment, and a 20-gallon onboard air compressor keeps tools and tires ready to go without a separate compressor. A spare tire and wheel stored in the floor keeps your load area clear while still keeping you covered on the road. Super spreader torsion axles rated at 8,000 lbs each, paired with electric brakes on both, deliver a stable, confident tow despite this trailer's size. Finished with a .040 aluminum skin and hydraulic tongue jack for easy hitching, this ATC Quest 405 is built for buyers who need maximum capability in one trailer.

Key Specs:

- GVWR: 16,000 lbs
- Bed Size: 528 in x 102 in (44 ft x 8 ft 6 in)
- Axles: 2 (8,000 lb torsion)
