Description

If you're shopping for a heavy-duty split deck tilt trailer, this 2025 Imperial Trailer 22 FT XHD model is worth a look. It's set up with a 22,000 lb GVWR and 16,000 lbs of payload capacity, plenty of muscle for skid steers, tractors, and compact construction equipment. The 84" wide deck rides on a 3/16" steel floor and steel fenders, backed by 10K oil bath axles, 18-ply tires, and 17.5" wheels for long service life under heavy loads. The split tilt deck and adjustable coupler make hookup and loading simple, and stake pockets with rub rail give you extra tie-down flexibility. Add in a sealed wiring harness, LED lighting, a spare tire mount, and an onboard tool box, and you've got a trailer built to handle everyday jobsite demands. This unit is priced at \$19,999 MSRP with a sale price of \$19,499.
