Description

This 2023 BWISE 14 FT high side dump trailer is built to take the grunt work out of hauling and unloading material. A heavy-duty hoist with a 5" cylinder powers the barn door gate for quick, controlled dumping, while the 8" tube frame, 12-gauge sides, and 10-gauge floor stand up to gravel, dirt, and debris day after day. 48" side walls add extra capacity for bulkier loads, and D-rings plus included ramps give you flexibility for hauling equipment when you're not dumping material. The 2 5/16" adjustable coupler is rated to 20K, and a hydraulic jack makes hookup easy. With a 15,400 lb GVWR and 10,810 lbs of payload capacity, this dump trailer is priced at $17,499 MSRP with a sale price of $16,499.
