Description

Like its sister unit, this 2024 Homesteader 7 x 14 ft dump trailer combines a side load gate with the standard rear spread combo gate for flexible unloading options. A scissor lift handles the dumping, while the tube frame and leaf spring suspension keep the ride smooth whether the trailer is loaded or empty. Brakes on both axles and radial tires provide reliable stopping power, and a deep-cycle battery keeps the electrical system running without draining your tow vehicle. Included ramps, D-rings, and an adjustable coupler round out a trailer that's ready to work. With a 14,000 lb GVWR, this trailer is marked down from $11,599 to a sale price of $10,999.
Key Specs:
