Description

This 2024 Homesteader 7 x 14 ft dump trailer adds versatility with a side load gate alongside the standard rear spread combo gate, making it easy to unload material exactly where you need it. The scissor lift powers fast, controlled dumping, and the tube frame with leaf spring and spring suspension delivers a smooth ride whether loaded or empty. Brakes on both axles and radial tires provide dependable stopping power, while a deep-cycle battery and included ramps round out a trailer ready for landscaping, gravel, or cleanup work. D-rings and an adjustable coupler add further flexibility for tie-downs and towing setups. With a 14,000 lb GVWR, this trailer is marked down from $11,599 to a sale price of $10,799.
