Description

This used 2022 Liberty tilt trailer is sold as-is and offers a straightforward tilt-deck design for loading equipment without separate ramps. A wood deck provides solid traction, and a pintle ring gives you a heavy-duty hitching option for equipment towing. Spring suspension and radial tires round out the running gear, and a 7-pin truck plug connects easily to most tow vehicles. LED lighting keeps the trailer visible on the road.

As a used, as-is unit, this trailer is sold without warranty and may show wear consistent with its age and use — buyers should plan to inspect it in person before purchase. With a 7,000 lb GVWR, this Liberty tilt trailer in Black is priced at $4,899.
