Description

This 2024 Carry-On 6x12 utility trailer with a tube top rail is a straightforward, no-frills hauler built for everyday jobs around the house or job site. The 6 ft x 12 ft deck gives you plenty of room for lawn equipment, furniture, building materials, or yard debris, and the tube top rail adds convenient tie-down points along the full perimeter. A drop-down ramp gate makes loading wheeled equipment like mowers and ATVs simple, and the wood deck provides solid footing and protects cargo from road debris. The steel frame is built to handle regular use, and 15 in wheels and tires keep the trailer road-ready. LED lighting rounds out the package for safe, visible towing day or night. Finished in black and priced at \$2,399, this is an affordable, capable utility trailer for anyone who needs extra hauling capacity without extra cost.

Key Specs:

- Bed Size: 12 ft x 6 ft
- Color: Black
- Price: \$2,399
