Description

This 2002 Cox Trailers unit is a well-sized utility trailer for buyers who need a wide deck for hauling equipment, materials, or general cargo. With a 120 in x 102 in bed, this trailer offers extra width beyond a standard-size utility trailer, making it a good fit for wider equipment or side-by-side loads. As a used trailer, it comes at a value price point for buyers who don't need the latest model to get reliable use out of it. It carries a 2,200 lb GVWR rating and is finished in a silver frame. Because this is a used unit sold at a value price, we recommend an in-person inspection to see its full condition and feature set firsthand.

- Bed Size: 120 in x 102 in (10 ft x 8 ft 6 in)
