Description

This 2025 Lamar Trailers 6 ft 6 in x 12 ft tilt trailer takes the ramp out of the equation entirely — the whole steel deck tilts down to ground level for straightforward loading of low-clearance equipment. A diamond plate floor keeps footing secure, and weld-on D-rings give you solid anchor points for tie-downs. A single 7,000 lb axle with electric brakes and 16-inch wheels and tires handles the stopping power, and the included spare tire mount keeps you covered on the road. Straps and chains stay organized in the front tongue tool box, and the adjustable coupler makes hitching simple. LED lighting completes the build for safe operation after dark. With a 7,000 lb GVWR, this Lamar tilt trailer in Gray is priced at \$5,999.
