Sales Price: $8,500.00

Description

This used 2000 Talbert Mfg 25 ft tandem dual equipment trailer is a heavy-duty workhorse built for serious loads. Its spread axle configuration with tandem dual wheels spreads weight evenly for stable towing, and electric brakes give you confident stopping power under a full load. A pintle ring provides a secure, heavy-duty hitching point, and the tongue tool box keeps chains, binders, and tie-downs organized on the job. With a 25,600 lb GVWR and roughly 20,000 lbs of payload capacity, this Talbert is ready to move dozers, excavators, and other heavy equipment. As a used unit, it shows normal wear for its age and use, and it's priced to move at $8,500 in Red.
