Description

This 2025 Aluma TK1 single axle trike trailer is purpose-built for hauling a three-wheeled motorcycle without the guesswork of adapting a general-purpose trailer. As an all-aluminum Aluma trailer, it stays lightweight and rust-resistant, making it easy to tow and simple to maintain. The built-in ramp allows for quick, straightforward loading and unloading, and radial tires provide a smooth ride down the road.

With a 2,990 lb GVWR, this trailer offers real capacity for a trike while remaining light enough to tow with a smaller vehicle. LED lighting rounds out the build for safe towing after dark. This Aluma TK1 trike trailer is priced at $4,399.

Key Specs:

- GVWR: 2,990 lbs
- Weight: 525 lbs
- Payload Capacity: 2,465 lbs
- Axles: 1
- Price: $4,399
