Description

This 2026 Sport Haven 6' x 10' aluminum utility trailer skips the side rails for an open, flush deck that makes driving equipment straight on and off simple. The aluminum fluted tube frame keeps weight down and resists rust, while the wood deck offers a familiar, easy-to-repair surface. A 3-position removable ramp adapts to how you load, and radial tires on steel wheels keep the price reasonable. A 4-pin plug and LED lighting round out the build. With a 2,990 lb GVWR and 2,410 lbs of payload capacity on a 580 lb empty weight, this Sport Haven aluminum utility trailer is priced at \$3,199.
