Description

This 2026 Sport Haven 6' x 12' aluminum utility trailer skips the side rails for a flush, open deck that's ideal for driving equipment straight on and off without obstruction. An aluminum fluted tube frame keeps weight down and resists rust, while the wood deck gives you a familiar, easy-to-repair surface. A 3-position removable ramp adds loading flexibility, and radial tires on steel wheels keep costs reasonable. A 4-pin plug and LED lighting complete the build. With a 2,990 lb GVWR and 2,290 lbs of payload capacity on a 700 lb empty weight, this Sport Haven aluminum utility trailer is priced at \$3,399.
