Description

This 2026 Sport Haven 5' x 10' all-aluminum utility trailer is built entirely from aluminum, frame, deck, wheels, and fluted tube tongue, for a lightweight trailer that resists rust for the long haul. Torsion suspension delivers a smoother ride than standard leaf springs, and the 3-position removable ramp gives you flexibility for loading from different angles or removing it entirely when not needed. Radial tires and tube top rails round out the build, and a 4-pin plug and LED lighting keep things simple and street-legal. With a 2,990 lb GVWR and 2,530 lbs of payload capacity on just a 460 lb empty weight, this Sport Haven all-aluminum utility trailer is priced at \$3,499.
