Price: \$7,625.00

Sales Price: \$7,500.00

Description

Why Choose a Sure-Trac Full-Width Car Hauler?

One of the key features of the Full-Width Car Hauler is its innovative design, which includes steel tread plate outriggers that create a full-width deck. This expansive loading area allows you to transport larger vehicles and equipment with ease, ensuring that you have the space necessary for your most demanding hauling tasks.

Additionally, the heavy-duty drive-over fenders contribute to the trailer's functionality, allowing for efficient loading of oversized items without hindrance. This thoughtful design feature ensures that even the largest equipment can be accommodated effortlessly.

The trailer is equipped with a 2-foot beavertail and 5-foot slide-in ramps, providing added convenience for loading and unloading. The beavertail design offers a gentle incline, making it easier to drive vehicles onto the trailer, while the slide-in ramps enhance accessibility and facilitate a smooth loading process.

Built to withstand demanding loads, the Full-Width Car Hauler offers both durability and convenience, making it suitable for professional contractors, car enthusiasts, or anyone needing a reliable hauling solution.
