Description

The ZFORCE 800 Trail is the gateway to restricted trails. With its 50" wide stance, it meets width-restricted trail regulations without sacrificing capability or rider comfort. A punchy 800cc V-Twin engine delivers reliable power, while the CVTech® CVT and dual power modes offer seamless control on variable terrain. The reinforced cabin features adjustable sport seats, full side doors, and a 5" digital display. Add in LED lighting, electronic power steering, and updated suspension—and you've got a midsize side-by-side that punches well above its weight.
