Description

The CM RD Truck Bed is one of the most trusted and versatile steel flatbeds on the market — a true workhorse built for contractors, farmers, ranchers, and fleet operators who need a tough, reliable deck that performs every single day. With its 1/8" steel treadplate deck, 4" structural channel frame rails, and 3" channel crossmembers, the RD is engineered for heavy duty hauling, towing, and job site abuse.
This model comes equipped with industry leading B&W hitch components, including a 30,000 lb

rated B&W gooseneck hitch and a 24,000 lb rated B&W rear receiver hitch, giving you maximum towing capability right out of the gate. Whether you're pulling equipment trailers, livestock trailers, dump trailers, or gooseneck loads, the RD is built to handle it with confidence.
