Description

Stock# SC055146

Model# XPRESS7.4X16-IF

Built for strength, efficiency, and year-round reliability, the XPRESS 7.4×16'IF delivers Alcom's premium all-aluminum performance in a spacious mid-size footprint. Its 7'4" width and 16' length offer generous room for equipment, tools, or recreational cargo, while the integrated-frame design keeps the trailer rigid, lightweight, and corrosion-proof. A seamless aluminum roof, screwless exterior panels, and rugged Advantech flooring create a clean, durable shell that stands up to hard use and harsh weather. With tandem 3,500-lb axles, LED lighting, and a smooth-operating rear ramp or barn-door setup, this XPRESS model is the ideal blend of payload capacity, low maintenance, and long-term value
