Description

WM26-28 7KS

*Not intended for saltwater use

Thank you for checking out our budget friendly line of spring axle aluminum boat trailers. By combining the powerful rigidity of 3500 lbs springs axles, alongside the strength and our durably stable T6061 T6 all aluminum frame with stainless hardware, this combination offers an incredible value.

About WaterMade Boat Trailers: WaterMade was created to solve recurring problems we encountered as a multi-brand dealer: how to offer a higher-quality trailer at a fair price while addressing common failure points found in competitive models. After thousands of units sold, we identified consistent weaknesses and redesigned them into our own line of custom boat trailers. While no product is perfect, we work hard to ensure durability, safety, and customer satisfaction. Additional options available in the attachment window.

This model has the following standard features:

- *7,000 lbs GVWR
 - *6000 lbs carrying capacity
 - *T6061 T6 aluminum frame 6.5X4
 - *Tandem Dexter 3500 lbs axles
 - *Electric drum brakes on 1 of 2 axles
 - *Tread plate fenders
