Description

Be at your best when Mother Nature is at her worst with powerful Powder Coated Steel 12' BH Box Plows from BOSS. Designed for precision, these plows deliver clean lines on streets and parking lots, with the strength to handle the toughest winter conditions. Built for backhoes and wheel loaders, the steel edge ensures superior performance, while the heavy-duty trip-edge springs tackle any terrain without compromising the plow or your hard work. The trip-edge system absorbs impact, protecting your equipment when encountering obstacles. With an easy attachment process, these box plows restore order to your community with unmatched speed and efficiency. BOSS delivers the power, strength, and reliability you need to clear massive areas and get the job done faster, ensuring you're always prepared for what comes next.
