Description

Visit Performance Trailers Inc once and you will be amazed at our 10 bay Repair, and Customization Capabilities. Not the usual trailer facility, we have a lot of fabrication equipment, 10 ft shear to cut metal, 8 ft brake for bending steel and aluminum, an iron-worker machine to cut, notch, and punch holes in metal and more welding equipment than you can count. Add Woodworking equipment also, and our own US Patented devices that make our task of customizing your trailer to fit your needs a wow factor. Stop by and have a look.
