Description

The 2027 TMT HS is a steel high-side landscape trailer, the kind that earns its keep on a mowing crew. Tall three-board wood sides hold mulch, brush and clippings that would blow out of an open utility trailer, and the angle-iron frame shrugs off daily loading. Simple, tough equipment for landscapers and property owners hauling yard debris.
• 3K - GVWR on a single E-Z Lube axle

• Steel angle-iron frame with steel side uprights
• Tall 27" wood 3-board high sides bolted to the uprights
• 2" A-frame coupler with a top-wind tongue jack
• Steel fenders, LED lighting and radial tires on steel wheels
• Sealed wiring harness with a 4-way flat connector
