Description

PREMIER CUSTOM TRAILERS
PLEASE CALL FOR AVAILABILITY, DEALER AND FACTORY STOCK MOVES QUICKLY.
The Combo combines features of both a car hauler such as 5200 lb axles, and that of a snowmobile trailer like the front wedge and ramp door. The 5' aerodynamic wedge nose make the combo one of the more efficient pulling 8.5' wide trailers. This model offers great standard features such as 32" Side Door, Screwless Exterior, and LED Lights. The interior height and rear door opening is also tall enough for most any side by side UTV.
This is a great everyday car hauler and snowmobile/ATV hauler packaged to offer the most popular options at the best value.
