Description

WM26-28 10K Torsion
*Shown with optional bow catcher and stand alone winch post
Thank you for your interest in WaterMade boat trailers. Our hand-crafted WM26-28 10K Torsion combines commercial-grade components and thoughtful design to deliver a safe, reliable towing experience.
About WaterMade Boat Trailers: WaterMade was created to solve recurring problems we encountered as a multi-brand dealer: how to offer a higher-quality trailer at a fair price while addressing common failure points found in competitive models. After thousands of units sold, we identified consistent weaknesses and redesigned them into our own line of custom boat trailers. While no product is perfect, we work hard to ensure durability, safety, and customer satisfaction.
Tow setup recommendation:
Recommended hitch height: 26–29 in.
Ball size: 2 5/16 in. (required)
Additional options available in the attachment window.
