Description

2026 WaterMade Boat Trailers WM30-32 10.5 Torsion Power Boat
Thank you for your interest in WaterMade boat trailers. Our hand-crafted WM30-32 10.5 TRI combines commercial-grade components and thoughtful design to deliver a safe, reliable towing experience.
Presenting a brand-new triple-axle trailer, meticulously engineered to carry a whopping 8700 lbs. It features triple 3500 lbs torsion axles paired with 14" 8PR D range radial tires on galvanized wheels.

About WaterMade Boat Trailers: WaterMade was created to solve recurring problems we encountered as a multi-brand dealer: how to offer a higher-quality trailer at a fair price while addressing common failure points found in competitive models. After thousands of units sold, we identified consistent weaknesses and redesigned them into our own line of custom boat trailers. While no product is perfect, we work hard to ensure durability, safety, and customer satisfaction.
Tow setup recommendation
Recommended hitch height: 26–29 in.
Ball size: 2 5/16 in. (required)
Additional options Additional options are available; see the attachment window for details.
