The Element SE Cargo Trailer

from LOOK Trailers is built for those who demand reliability and versatility. Designed to tackle both work and recreation, it delivers the performance users expect with craftsmanship that reflects LOOK Trailers' commitment to quality. Whether for business or adventure, this trailer is a dependable partner, combining innovation, durability, and style to handle every haul with confidence. Designed with input from experienced trailer dealers and crafted for the modern hauler, this trailer combines rugged performance with thoughtful engineering, making it ideal for work, play, and everything in between.

Frame and Construction

Built on a steel tube frame with 16” on-center crossmembers and tube steel wall studs, the Element SE Cargo ensures strength and longevity. It offers a choice of sloped V-nose or round front profiles for aerodynamic efficiency. The Battlecoat polyurea textured coating and asphalt-based undercoat protect exposed steel areas, including tongue rails, corner posts, and fender wells, from scratches and corrosion from de-icing chemicals. The seamless aluminum roof further enhances durability and weather protection.

Exterior Features

The trailer’s VHB bonded, screwless .030 aluminum exterior delivers a sleek, professional finish with superior strength. ATP caps and a 24” ATP stone guard provide added front-end protection. Choose between a rear ramp door with a 12” extension or barn-style double doors for loading flexibility. The SOLIDOOR™ side entry, built with CNC precision-cut aluminum extrusions and a laminated core, offers secure access. Sidewall airflow vents promote ventilation, while radial tires and drop spring axles with easy-lube hubs ensure a smooth ride. Integrated reverse lights on brake axle models add additional illumination and safety during backing maneuvers.

Interior Features

Inside, high-performance engineered wood walls and ¾" flooring provide strength and resilience for heavy loads. LED interior lighting ensures visibility in all conditions. The thoughtfully designed interior offers a practical, long-lasting platform for optional storage, cargo control, and organization solutions. On tandem axle models 7-wide or larger, take advantage of the standard 84" interior height. Take your passion wherever the road takes you with Element SE.

Why Carr's?

We know you have choices when shopping for a trailer. Here are just a few reasons why Carr's Trailers and Supplies is the best in the business:
Unbeatable Selection - with one of the largest trailer inventories in the Northeast, Carr's is sure to have what you need in stock. We have cargo trailers, utility trailers, dump trailers, enclosed trailers, snowmobile trailers, ATV trailers, car haulers, tow dollies and tent campers by the 100's
Honest Pricing - the price you see on the internet is the price you get in the store. With our buying power, we're able to offer unmatched pricing on name brands such as Wells Cargo, Legend, Sure-Trac, Holmes, Mission and many others

Expert Advice - With over 20 years in the trailer business our team of experts will help you find the perfect trailer for your needs. We view ourselves as "consultants" rather than "salespeople"
One Stop Shop - We are a registered PennDOT agent for PA. That means we can do all the necessary paperwork for your trailer right at our counter. Many other places can't do this so they send you somewhere else to get the paperwork done before you can even leave with your trailer! Not at Carr's. You'll be a fully legal towing machine when you leave our lot. (This process is quick too. Many times you can be in and out of the store in 30 minutes or less)
Post-Sale Support - So you bought a trailer. now what? At most places, you'd be on your own once the sales transaction is complete. Not at Carr's! Our knowledgeable technicians will make sure that your vehicle is properly set up for safe towing before you leave the lot. Got a towing question? They'll be glad to answer any you may have
Customizations - Need to haul a motorcycle in your trailer? Need e-track on the walls to secure your cargo? Need an extra dome light...or three? No problem! Our service department is able to add many options and perform many customizations. Most of them while you wait
Custom Trailers - Need something totally unique? Carr's can work with you to have any trailer custom built. With our buying power, we can often get a custom trailer faster and for less money than other dealers
Parts and Accessories - We have a large showroom with 1000's of parts and accessories in stock. We have a large assortment of repair parts for small single axle trailers all the way up to large tri-axles.
